# Accessories

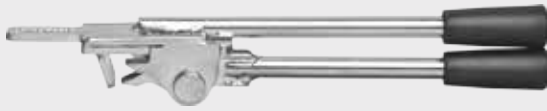

## ***Open and seal with our tools***

We create accessories that help you open and seal our products, once again delivering “Packaging that makes life easier”. We have everything from simple can openers to our powerful opening tools for professional use. To seal the lid you may use any of our closing tools which have been developed for quick and easy closure.

# Openers

## Duraline™ opener

Art.nr. 24999075

The opener is suitable for our new Duraline™ series.

## Ring latch combi

Art.nr. 24999016

A tool that makes the opening and sealing of the ring latch and ring latch lid easier. It has a plastic handle which makes it user friendly.

## Universal mini

Art.nr. 24999199

A handy tool that also can be delivered integrated in the lid. Suitable for our L-series and 0,125-6 litre cylindrical cans.

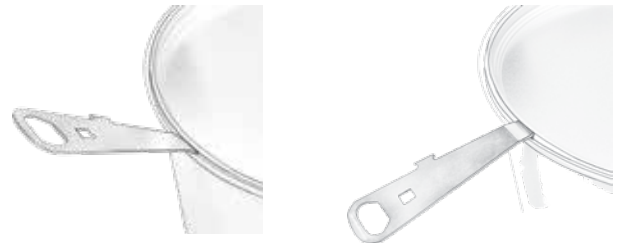

## Universal pocket

Art.nr. 24999038

The tool is suitable for our L-pails, Duraline™, cylindrical cans and UN products in all sizes.

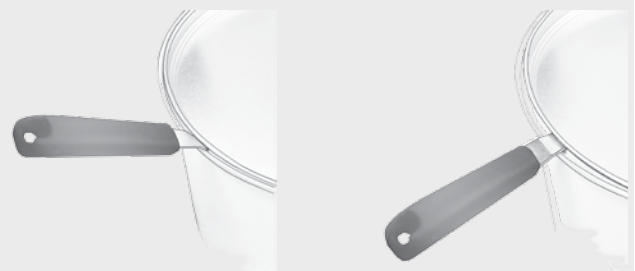

## Universal pro

Art.nr. 24999074-1

The tool is suitable for our series L and our cylindrical cans 0,125-6 litre series. The tool is provided with a plastic handle which makes it user friendly.

## Lug lid opener

Art.nr. 24999070-1

An opener for our lug lids with a plastic handle which makes it user friendly.

# Others

## Universal combi

Art.nr. 24999204

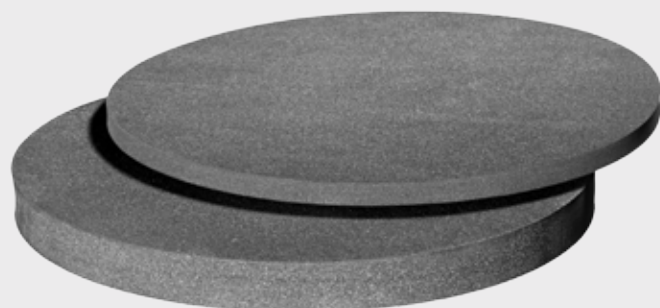

**Universal combi** is a holder for the handle of the pail during shaking. It is provided with a magnet for easy application and removal from the pail. The product is also suitable as an opener for our L-series and cylindrical cans in size 0,125-6 litre.

## Plate for shaking machines

Art.nr. 24999051; 220 mm x 20 mm  
Art.nr. 24999143; 220 mm x 8,5 mm  
Art.nr. 24999193; 140 mm x 17 mm

Can be used on lid and bottom during extreme shaking to protect the packaging. This plate is based on soft and flexible material.

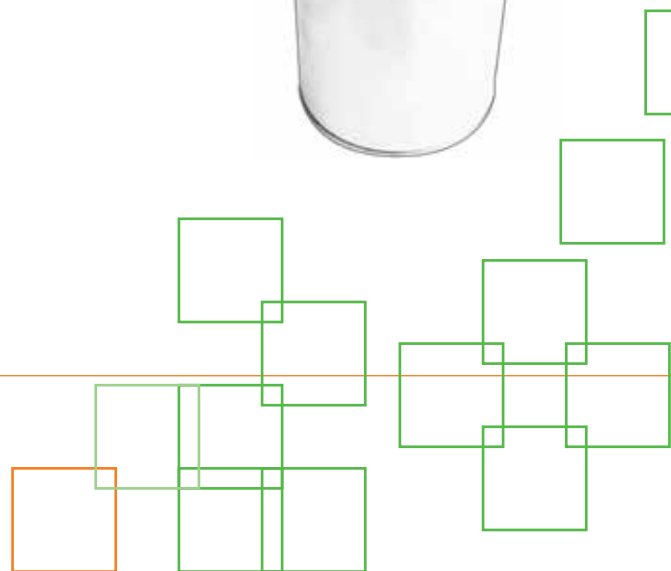

## Can link ring

Art.nr. 24999050

Used to link two packs together when separated component parts are required. Suitable to our cylindrical series 0,33-1,5 litre in Ø105 mm.

# Closing tools

## In Line Lug Lid Closer

Art.nr. 24999163

A sealer to be assembled in the filling line or on a pneumatic cylinder with M24 thread. Requires a 125mm pneumatic cylinder and an air pressure of 5,5 bar. The sealer is suitable for 10 litre to 25 litre pails.

## Lug lid closer pneumatic

Art.nr. 24999164; 2,5-6 litre  
Art.nr. 24999159; 10-25 litre

A closing tool fitted with custom air cylinder. Suitable for sealing all of our lug lids.

## Lug lid closer manual

Art.nr. 24999162; 2,5-6 litre  
Art.nr. 24999158; 10-25 litre

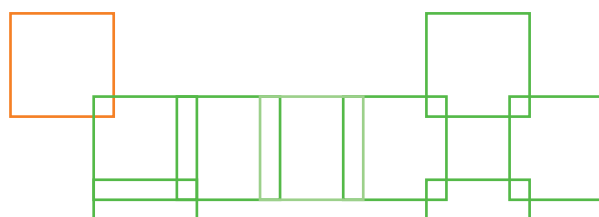

Manual closing tool adapted to our lug lids, excluding UN versions.

## Lid sealer pneumatic

Art.nr. 24999205; 0,33-10 litre  
Art.nr. 24999206; 2,5-25 litre

The sealer is available in two types; one suitable for packaging from 0,33-L to 10-L and the other type is suitable for packaging from 2,5 litre to 25 litre. If you have other requirements a customized sealer could be discussed with our technical department. This closing tool works brilliantly with our press lid and EasyOpen lid.
